Important: when taking these measurements please wear the type of clothing and shoes you would wear under vestments or cassock. The numbers before each measurement correspond to the diagrams below. Please view the diagrams carefully before taking the measurements.

Please answer the following questions:

- Are you stoop-shouldered (do your shoulders lean markedly forward)?
- If you are a priest and this order is for priest's vestments, do you tend to fray the front edge of your phelonion lining very quickly (within 6 months to 2 years)? If this is so, please inquire about extra reinforcement in the phelonion lining to prevent this wear.
- If you are a priest or deacon, and this order is for vestments, do you wear your cassock under your vestments?
- Did you wear your cassock when taking these measurements?
- What size dress shirt do you wear? neck _____ sleeve _____
- What size suit coat do you wear?
- If your order is for priest's vestments, would you like a button sewn to the back of the phelonion for an archpriest's cross?
